# GTHL LEGACY FUND

Established in 2011, the Greater Toronto Hockey League's Legacy Fund is a fundraising branch of the organization that strives to help families in need and to assist organizations in funding community programs.

The GTHL Legacy Fund's mandate is to break down barriers surrounding entry into to the game and to support progress within sport.

While the Legacy Fund is a League priority year-round, the annual Legacy Classic Golf Tournament offers an opportunity to shine a spotlight on its goals, initiatives, and achievements.

Thanks to the Legacy Fund, the GTHL is able to partner with KidSport to offer a grant matching program that provides financial assistance toward hockey registration expenses. Through less than two full seasons, over \$70,000 has already been awarded to local families as a direct result of this collaboration.

Additionally, to date, the GTHL has distributed over \$200,000 to promote access into the game through the Legacy Fund Community Grant.

The GTHL is proud to be a leader across the hockey landscape, dedicated to encouraging safe and accessible sport for all.
